## IoT4Industry 2<sup>nd</sup> Call for collaborative projects: more proposals than ever

IoT4Industry 2<sup>nd</sup> (and final) call for collaborative projects closed on 11<sup>th</sup> June 2019. 96 proposals were submitted in that round, an increase of 80% in comparison to its 1<sup>st</sup> iteration!

Proponents from **15 European Member States** and associated countries (Israel, Switzerland and Turkey) submitted their projects ideas. 83 proposals passed the 1<sup>st</sup> selection : 24 proposals came from France, 23 from Italy, 12 from Germany, 8 from Belgium, 7 from the United Kingdom , while the other 9 from other countries.

**17 vertical sectors** are targeted by proponents within their projects, most notably **metal working, automotive, aerospace, defence and food & beverage**.

These proposals are currently evaluated by independent experts, results being made public **at the end of August**, the selected projects starting in September

**This second batch of projects will receive an overall grant of 1,5 million Euros.**

This success is notably due to the activities led by the partners: **14 training sessions, webinars**, regional workshops engaging with 850 **participants** were crucial for achieving these results. IoT4Industry's **Ambassador clusters** (below) were also key stakeholders for its outreach!

*IoT4Industry Ambassador clusters:* Precarpathian eco-energy cluster, Archenerg, Brains Business, GAIA, Baltic – Net PlasmaTec, GCE Node, TICE.pt, BICNet, Transylvanian Furniture Cluster, Business Upper Austria, MetalIndustry4

## STAY TUNED!

IoT4Industry 2<sup>nd</sup> Call Results  
at the end of August!

## IoT4Industry at Hannover Messe 2019

IoT4Industry attended Hannover Messe 2019 (1 - 5 of April), the world's leading trade fair for industrial technology.

Participants had the possibility to meet with IoT4Industry partners at Pole SCS' booth and attend the workshop organized by Pole Mecatech (2<sup>nd</sup> of April 2019)– AWEX/WBI Booth (Wallonia.be). Several industrials pitched their ideas and needs during this event, and took part in B2B meetings

Soon on IoT4Industry website: success stories of IoT4Industry collaborative projects!

### European Union's Horizon 2020 Programme

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 777455.
